Summary

Computer Science graduate with strong knowledge of Java, Data Structures, and Algorithms, and hands-on practice building applications using Spring Boot, React.js, and MySQL. Skilled in REST API development, MVC architecture, and backend development. Interested in building scalable digital services and reliable systems.

Technical Skills

Programming Languages : Java, JavaScript (ES6), HTML5, CSS3, SQL

Frameworks Technologies : Spring Boot, Spring MVC, Hibernate JPA, React.js, RESTful API Development

Database : MySQL

Core Computer Science : OOPS, Data Structures and Algorithms, DBMS

Tools : IntelliJ IDEA, Eclipse, VS Code, Postman, Git, JUnit, Mockito, Maven

Soft Skills : Teamwork , Critical Thinking , Time Management

Projects

Healthcare Hub - Hospital Resource Management System

Tech Stack : Java, Spring Boot, REST APIs, MySQL, IntelliJ IDEA, Postman, JUnit, Mockito

- Developed 8+ RESTful APIs for doctor management and room allocation using Java, Spring Boot, and Spring MVC, supporting CRUD operations (GET, POST, PUT, DELETE).
- Built a scalable backend using MVC architecture and integrated Hibernate JPA with MySQL, with API testing in Postman to ensure reliable request-response handling.

Course Management System

Tech Stack : HTML5, CSS3, JavaScript (ES6), React.js, Tailwind CSS, JSON

- Developed responsive user interfaces using React.js, HTML5, CSS3, and Tailwind CSS, building reusable component-based architecture with JavaScript (ES6) for dynamic data rendering.
- Implemented RESTful API integration using JSON for efficient client-server communication, ensuring cross-browser compatibility, responsive design, and 40% faster page load performance.

Smart Women Safety Application System

Tech Stack : Java, Spring Boot, REST APIs, MySQL, Hibernate JPA, IntelliJ IDEA, Postman

- Developed a Women's Safety Application using Java, Spring Boot, RESTful APIs, and MVC architecture, implementing SOS alerts, emergency SMS notifications, and real-time location tracking.
- Integrated MySQL with Hibernate JPA for database management, handling user authentication, emergency contact management, and SOS alert logs with secure CRUD operations and reliable backend performance.

Education

B.E. Computer Science and Engineering (Anna University)

Adithya Institute of Technology, Coimbatore

2021 – 2025

Secured: 75%

HSC

Marutham Matric Hr Sec School, Morappur

2020 – 2021

Secured: 83%

SSLC

Mullai Matric Hr Sec School, Harur

2018 – 2019

Secured: 75%

Training

Java Full Stack Development - JSPIDERS

Completed Java Full Stack Development training at JSpiders covering Java, Spring Boot, Hibernate, React.js, REST API development, and MySQL.

Achievements

Solved over 200+ DSA question : on different platforms like Leetcode , HackerRank.

Certified in HackerRank Software Developer : demonstrating strong problem-solving ability and understanding of software development concepts.

Completed Java Programming certification from Great Learning : demonstrating foundational knowledge in Java programming and object-oriented concepts.
